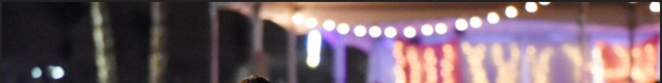
De-occulting the Route 91 Harvest Festival Ritual Sacrifice

In the carnage and emotionally charged atmosphere which immediately follows any state-sanctioned mass shooting event, the numerology and occult symbolism around which the event is constructed often times goes unnoticed. Like a crime scene, it is only when we approach the event and begin sifting through the evidence that we can begin to identify the culprits and deconstruct the crime.



Whereas the question as to why this event transpired has yet to be answered, the who, what, when, and where have been pretty well nailed down. What follows is a detailed de-occulting of the numerology and symbolism which the Route 91 harvest Festival sacrifice was constructed and executed.

The number #10 as it relates to the Route 91 Harvest Ritual (Occulted numerology)

The Number #10, as you will soon learn, is woven throughout the entire Las Vegas Shooting Event to such an extent that it obviousness simply cannot go unnoticed. Like the 911 attacks and the numbers "11" "77" and "555", the number #10 dominates this particular event. It is the foundational vibratory fixative and as an integral component as it relates to the mechanics of the ritual/sacrifice, aiding in manifesting the intended goal of those who carried out this horrible event. Why the number 10? The number 10 vibrationally invokes the completeness of God. I believe it was used here in a mocking manner, much in the same way Satanists perform a black mass.

The number #72 plays foundationally into this attack as well. If you will recall the headlines plastering the newspapers and internet for a week after the event. "72 minutes of terror" "72 minutes of chaos" and on and on. Just type that into google and see how many hits you come up with. They are all related to the Vegas Shooting. The #72 is also a foundational number as it relates to Earth and life on Earth. We'll cover more of this later in the article.

Please keep in mind that YOU don't have to particularly believe in any of this for someone else to. Just because this isn't your religion and you would never kill dozens of people for a sacrifice doesn't mean that others wouldn't. The very fact that most believe this to be preposterous is precisely what the perpetrators count on to remain hidden in the shadows. I mean, who would, or could believe that a group of people would be willing to carry out an act of this magnitude and partake in the slaughter of dozens of innocent strangers? People just don't do this. Right?

What

The Route 91 Harvest Festival or The Las Vegas Shooting was a highly orchestrated ritual/sacrifice which took place on October 1st, 2016. Note that the word "Harvest" is actually in the official name of the event.

- Route 91 Harvest Festival (9+1) = **10**
- It occurred just days prior to the **Harvest moon**
- It occurred at the beginning of the Harvest month of October or the **10th** month.
- The Route 91 Harvest Shooting Wikipedia page states that 59 people died during the sacrifice (including Paddock). 851 injured. for a total of **910** casualties(9+1+0) = **10**. This number does not include those killed after the event to silence them from going public about the multiple shooters. Among them; Kymberley Suchomel 28 (Found dead in her bed) , Dennis and Lorraine Carver (vehicle blew up near their home) Danny Contreras 35 (Multiple gunshot wounds in a vacant home), Chad Nishimura (Paddock's Bellman) (Murdered outside a Vegas church), John Beilman 60 (Murdered his disabled daughter then committed suicide).
- Other articles state that 58 people were killed and 546 injured for a total of 604 (6+0+4) = **10.** This number does not include Paddock.

When

The Route 91 Sacrifice occurred on "October 01, 2017"

- October = **10th** month
- 1st = 01 = **10 (mirrored)**
- 2017 = 2+0+1+7= **10**
- We are left with 101010 or (1+0+1+0+1+0) or **3 sets of 10**. Master Mason signature.
- The sacrifice also happened on the 3rd night of the festival just after **10 PM**.
- The actual shooting during the event took place between 10:05 – 10:15 for **exactly 10 minutes.**
- On October 1st there are 91 days left in the year. **9+1= 10. Route 91 Harvest Festival**
- The Route 91 Sacrifice occurred on the **10th day of Maharam** OR the day of Ashura. "Ashura" means **10th** in Arabic. Because the Islamic calendar is a lunar calendar and contains a different number of days, Islamic holidays do not occur on the same day each year and are considered to "float" in relation to the Gregorian (Christian) calendar. The fact that Ashura lined up with all the other 10's on this day is statistically impossible and will not happen again for thousands of years. ASHURA IS THE ISLAMIC DAY OF BLOODLETTING. What is Islam's connection to this event? Remember the initial reports on Oct 2nd, when it was reported that Isis propaganda was found strewn about Paddock's hotel room? Remember when Isis took credit for this attack the same day? The FBI was quick to back peddle on both of those reports.

Where

Nevada

Nevada became a state October 31st, 1864. The Route 91 Sacrifice happened October 1st, 2017.

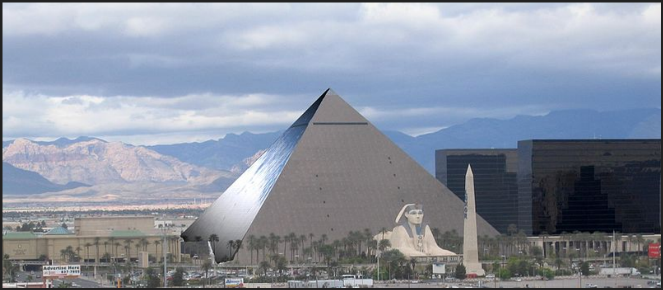
- 2017 (2+0+1+7) = **10**

The Luxor Hotel



The Route 91 Sacrifice took place in front of an obelisk, in front of a sphynx, in front of a pyramid, Known as the Luxor Hotel and Resort. The Luxor is a lifesize pyramid which emits from the top the brightest light on planet Earth.

- “LUXOR HOTEL” = **10** letters
- Zipcode for the Luxor Hotel and the site of the Massacre is 89119 OR 8+9+1+1+9 = 28 (2+8) = **10**
- The Luxor Hotel has 4407 rooms 442 of which are suites. 442 is **10.02%** of 4407. The shooting allegedly happened from a suite.
- Every main attraction at the Luxor (Bodies, Titanic, Blueman exhibits etc) inside the Luxor Hotel is open and runs from **10 am – 10 pm.**

The shooting allegedly took place from the 32nd floor. OR the “Thirty-Second” floor.

> “thirty-second floor” = **91 OR 9+1 OR “10”**

The Pyramid of Chichen Itza or El Castillo, also known as the Temple of Kukulcan, is a step pyramid in Mexico, once the center of the Mayan civilization. Here on the top of this pyramid, they performed thousands of sacrifices. What is significant about this pyramid is that it contains 91 steps on each of the four sides. 91+91+91+91 = 364. Add 1 more for the top platform where the sacrifices were carried out and you have 365, or the number of days in a Solar Year.

Chichen Itza Kukulkan Pyramid 6

It’s worth noting that the brightest light on earth shoots straight up into the heavens out of the Luxor Hotel and that Sacrifices were performed at the top of the Pyramid of Kukulcan so as to be closest to the gods.

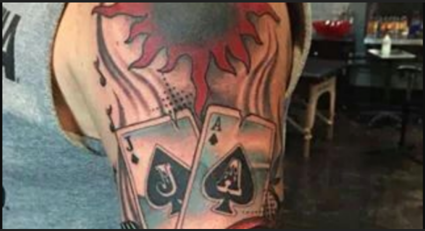
Who

Stephen Paddock (the narrative shooter) was allegedly 64 years old. **6+4= 10.**

Aaron Rouse (Head FBI agent in charge) = **10 letters**

Jesus Campos – (The narrative security guard whom no one knew or has seen since)- I believe Campos was a key operative in this event as his given title for it was Jesus Campos. As other researchers have pointed out the allegory of Jesus features prominently in this sacrifice and is coded in much of the numerology. Jesus Campos literally means “Fields of Jesus.” 58 people died in a lot or a “field” across the street from the Luxor pyramid.

Jason Aldine – On Jason Aldine’s left arm he as a tattoo of a black sun and beneath it the playing cards Jack and an Ace. Jack Ace = JA =Jason Aldean = 10/1 = The date of the Ritual. Jason is a 3rd degree Freemason and the shooting took place during one of his last songs on the 3rd night of the harvest ritual.



What are the odds that the man singing during the shooting had the date of the shooting tattooed to his arm stylized for the town in which the sacrifice took place? I MEAN REALLY PEOPLE!!!!!

The Construct Of #10 and its Occultic properties

Meaning

Donald J. Trump, The Number "7", and a Roll of the Dice
November 11, 2016

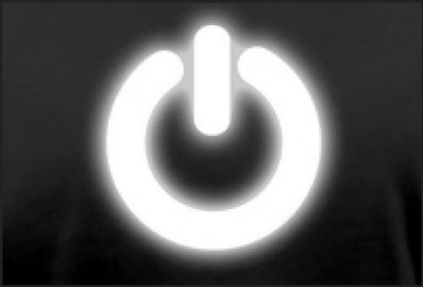
In occultic numerology, the #10 signifies "Completed Course of Time" OR "Completeness in Divine order." Its energies are used when one wishes to describe or invoke anything near perfection or resonate with the perfection of the creator. Although it caries much power, it is foundational in nature. One does not see it used very often in ritual work. This is because it is fairly advanced numerology and possesses the ability to become highly unstable if mishandled. Like the property of its mathematical components, it has the ability to become exponential and multiply power by adding the "chaos" counterpart.

It is "1" God/everything and "0" Chaos/Nothing simultaneously. God=stable Chos=instability.

These two attributes have to remain in complete harmony lest they system dissolves.

The First Extension

10 is the 1st number of extension(10,100,1000, etc) AND the first number that is not a single digit. Numbers 1,2,3,4,5,6,7,8,9 are "natural" numbers. ADDING THE "0" TO ANY NUMBER MULTIPLIES THE VIBRATIONAL STATE AND POTENTIALLY. Something which cannot be achieved with natural numbers alone, this is what makes it divine.



The #10 is perfectly balanced in itself

The #10 is comprised of "1" and "0"

- 1 = The column, male, man, sperm, force, doer, kinetic, Phallus, aggression, God/order, etc…
- 0 = The circle, female, woman, egg, understanding, potential, vagina, passiveness, nothingness/Chaos, etc…

1,s and 0's are the base language for computers and everything digital. Is it a coincidence that the #10, or the number of "Complete Divine Order" is used for what has become the language we all communicate with. Our "invisible language" if you will. If one reads the Bible they will recall the story of the Tower of Bable. The people had all spoke one language and organized to build a tower into the heavens to reach God. God destroyed the tower and separated the people into 72 peoples and languages.

If the Earth had one unified language today it would most certainly be the language of the computer or 1's and 0's.

The Vegas Shooting and the #72 (Astro-theology and Solar Sympathetic Magick)

Go ahead and type 72 minutes of terror into your Google browser and see what you get. You will get the corporate mainstream media's disseminated narrative marching orders as they were released on October 2nd. According to the official narrative, it was 72 minutes of terror between the first opening shots and the all clear signal given on the police radio. Well if that ain't pre-scripting great Hollywood movie title I don't know what is. Let's look at the energetic use of this number as it was constructed into the ritual.

To understand the significance of the #72 please quickly review here so as to make full sense of what's to follow. In the Occult, the #72 is considered Earth's number. Earth is 72% water, The human body is 72% water, Humans are most comfortable at 72°, The average human life is 72 years, and the average human heartbeat is 72 bpm. There are 72 years in 1° or procession, and the life duration of a human ovule is 72 hours. Of course in the Bible, Jesus sent forth 72 apostles in the book of Luke. And "Sixty and twelve" occur five times in the Bible. OR 72 5 times =360.

So why should it play a role in the ritual construction of the Las Vegas Shooting?

Quite simply because the #72 is foundational. It is numerically grounding and holds or ties the ritual together as rebar would with concrete.

There is actually quite a lot of interplay with this number, lets take a look.

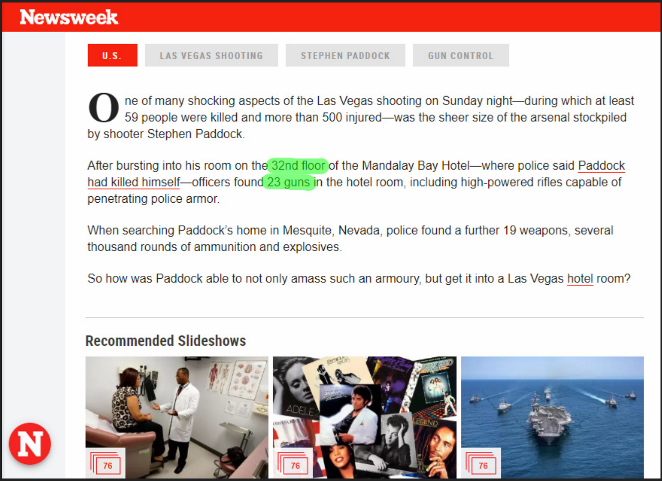
72

7 + 2 = 9

7 x 2 = + 14

23 (Mirrored) 32

The Ritual narrative states that Stephen Paddock brought 23 guns up to the 32 floor of the Mandalay Bay Hotel. (This was later changed to 24 in the official Wikipedia collective archive. I believe this has significance as well. Obviously 24 hours in a day, 72 is used 5 times in the Bible for a total of 360. Both of these are Solar numbers. The Sun or The Son.) Also built into the ritual is the "transition" from 23 to 24.



One of many shocking aspects of the Las Vegas shooting on Sunday night—during which at least 59 people were killed and more than 500 injured—was the sheer size of the arsenal stockpiled by shooter Stephen Paddock.

After bursting into his room on the 32nd floor of the Mandalay Bay Hotel—where police said Paddock had killed himself—officers found 23 guns in the hotel room, including high-powered rifles capable of penetrating police armor.

When searching Paddock's home in Mesquite, Nevada, police found a further 19 weapons, several thousand rounds of ammunition and explosives.

So how was Paddock able to not only amass such an armoury, but get it into a Las Vegas hotel room?

How much lethal firepower should citizens be allowed to possess?

By George Zornick

OCTOBER 4, 2017

It is here we dive into the Astrotheology. And it's here where Christians get pissy. Please know that I'm not out to stomp on Christianity, in fact, I encourage it. Note also those people who perpetrated this sacrifice do follow this system and constructed this ritual around it.

Jesus died at the age of 33. He lived for 30 years and spent three years working his ministry, wherein he died and was reborn. It takes the sun 30 days to travel through one sign of the zodiac. It spends three days

transitioning through that sign wherein it dies and is reborn into the new sign. 33 days. There are 12 constellations in the zodiac.

Without a doubt, this was intended as a message to someone. A group or a person watching from the outside. What's more, is this is sympathetic macigk at it's purest. It doesn't get any more in your face than this. Why the strong correlation with Christ in this ritual? Why all the Solar and Christian overtones?

At the time of the shooting the Luxor Hotel had stood for 23 years.

And, just to bring everything full circle:

10:05 pm – Shooting Began

72 minutes later it was 11:17 pm

1+1+1+7= #10

When 9/11 is added together we get 13, the number of the Sun/Son birthed by the 12 signs of the Zodiac. The number 13 is the number of the Sun and invoked regularly by sorcerers.

Structural Ritual Connection to the 911 attacks

Big things happened after the 9/11 attacks. Those of us who are adults prior to the attacks look at life in America as pre-9/11 and post-9/11. It doesn't matter who you are, this is the defining paradigm. The social, legal, and economic ramifications of that day reverberate through our society and world today.

It wasn't till a few years after 9/11 that somebody asked the question: How is it the Bush administration had the Patriot Act ready to sign one month after the attacks? By far the single most authoritarian piece of legislation to ever strip freedoms from the American people and got the U.S. Constitution while expanding federal powers.

9/11 wasn't a terrorist attack. It was the launching of a new age of government. It too was a sacrifice of immense proportions and the ritual still continues today with the memorials and rekindling of the horror in the public consciousness on an annual basis.

The Las Vegas Shooting happened exactly 254 days into Trumps presidency. September 11th is the 254th day of the year.

From and including: **Sunday, January 1, 2017**
To and including: **Monday, September 11, 2017**

Result: 254 days

It is 254 days from the start date to the end date, end date

> included
>
> Or 8 months, 11 days including the end date

Another structural tie to 9/11

The location/name (Route 91) of the Vegas Ritual and the date (10-01) = 911001 OR 911 01. The date of the 911 ritual sacrifice.

And yet another structural tie to 9/11

Towers 1, 2, and 7 were felled at during the 9/11 ritual sacrifice. 1+2+7 = 10

Why resonate to the Las Vegas shooting with that of 9/11? And why tie it to Donald Trump's presidency?

I have come to believe that the Las Vegas shooting ritual was 9/11 2.0. The creation of another gravitational point in the consciousness and energetic fields of humanity. A point upon which to begin building a new paradigm.

Was Trump aware of this? I don't know. But now that he's taken back control of the FBI I can almost guarantee he is aware of what was happening there. Is the Illuminati attempting to energetically tie the negativity of this event to Donald Trump's administration? Possibly. But one thing is a fact. Those are the numbers and this cannot be a coincidence.

Que the Media – Continuing the Ritual

Although the Route 91 harvest sacrifice occurred at 10:05 – 10:15 PM October 1, 2017, the ritual did not end there. As far as those carrying out the sacrifice were concerned, that was just act-one. In terms of energy work, one should think of the massacre as the igniting of the ritual. A ritual which was to continue for the next month.

In the days and weeks that followed that tragic day, the official narrative changed on a daily basis. This was done to not only cover tracks but to actively script the narrative/ritual. A ritual which required solidifying base frequencies, ideas, and emotions into the consciousness of the public. This is done to elicit a resonance of emotion which can be harnessed and utilized towards and intended outcome. An outcome such as legislation and global community expectations. Of course, I have no doubt that acute energy harnessing rituals were no doubt being performed by sorcerers and dark occultists near the site and at the time as well. YES, THESE THINGS REALLY DO GO ON.

These numbers, as well as the constructed narrative which almost always follows classic mythos, is pounded into the public's head nonstop for weeks after such events. I've often said that Wikipedia is the default archive for what is considered our collective public record. It is the job of Snopes.com and similar organizations to defend and maintain this narrative.

The mainstream media, who is an active participant in this and every other mass shooting sacrifice perpetrated upon the American people disseminates the numbers, symbols, and archetypical mythos storyline with military precision in a concerted effort to facilitate these mass energy focusing rituals. For an entire breakdown on Ritual Magic Physics and Ritual Magic Construction, please see click respectively.

WHY?

Think of the entire event as a production, a movie. A script is written, the location is chosen, characters are cast, and ACTION. Like any good movie, It opens with a shocking scene and the viewer is hooked. over the course of the movie, emotions are built, battles are fought, and heroes are made. A good writer will lead the viewer right into his world and deliver the goods every time. But unlike a movie, there is no conclusion. So what does the writer of these mass shooting events/rituals want?

CONTROL

Control. They want to instill fear and maintain perpetual paralysis of the masses. The idea is to carry out so many of these events that it appears to be the norm and the people will scream for restrictive measures. To drive into the minds of Americans that the American way of life has been irreversibly altered and new measures must be taken. They want to pass legislation after legislation reducing and whittling down personal and economic freedom until we are little more than biological drones cranking out production in their system.

All of this is done to convince people of their vulnerabilities in public spaces and eventually their homes. The end goal is disarmament. Does one think it a coincidence that the only free country left in the world which retains the right to bear arms, is the only country to be subject to such an insane and unnatural bombardment of public violence?

If you want to see the ritual numerological construct of any one of these false flag rituals simply go to the Wikipedia page and you will have fistfuls of numbers thrown at you. Right there in black and white, you will also see the official story as well as how the events unfolded.

YOU HAVE A CHOICE

You can either educate yourself and see these Rituals for what they are or you can allow your thinking to be done for you by a weaponized technocratic oligarchy. The problem with people not educating themselves to this branch of physics known as the occult is that it eventually becomes everyone's problem and those who buy into this ritual narrative end up perpetuating it and then I and mine suffer.

The very fact that people are screaming to have the arms of law-abiding citizens taken away and the US Constitution amended speaks to the flat-out ignorance of the shortsighted people. The same people who bought into the narrative that a 64-year-old gambler decided to haul 23 guns to a 32nd-floor hotel room and for no reason open fire on 20,000 people. The same people did not take notice or think twice about the only witness disappearing for a week after the event or to return to say he'd gone to Mexico. On the seven dead people killed in the aftermath of this sacrifice. The same people who were talking about multiple shooters.

If you step back and think about the whole the event and actually take the time to go through the evidence that we do know about and not just that which has been reported on mainstream news networks, the entire story falls apart in question after question emerges.

I know I told you previously that I am not so sure about all of this information. Coincidental, or possibly even reaching to hard for these facts. I will agree on this though, there really is far too much correlation between these items to be too coincidental. We may never know what truly is factual and what is not. but, one thing is for sure, there are people pulling the strings. Is it the Mason's? Illuminati? Our federal government? Or is it simply all one in the same?
Bottom line is this, it is indeed control.
In my personal beliefs, religion started off the same way.
How does one control the masses? How does one change the way the masses think?
And just who, is it behind all of the scenes controlling it all?
And, to put a further twist in ones noodle, who is it that is controlling them?
This is a rabbit hole that has no end in sight. No matter how deep you dive, there will always be another tunnel where one peers into the darkness.
